users

UsersController_meSettings

Responses

— 200

GET /users/me/settings

UsersController_updateSettings

REQUEST BODY SCHEMA: application/json
required

object (UpdateSettingsDto)

Responses

— 200

PATCH /users/me/settings

Request samples

Payload

Content type
application/json

Copy

```
{ }
```

UsersController_changePassword

REQUEST BODY SCHEMA: application/json
required

object (ChangePasswordDto)

Responses

— 201

POST /users/me/change-password

Request samples

Payload

Content type
application/json

Copy

```
{ }
```

items

ItemsController_create

REQUEST BODY SCHEMA: application/json
required

object (CreateItemDto)

Responses

— 201

POST /items

Request samples

Payload

Content type
application/json

Copy

```
{ }
```

ItemsController_findAll

Responses

— 200

GET /items

ItemsController_findOne

PATH PARAMETERS

id required	string

Responses

— 200

GET /items/{id}

ItemsController_update

PATH PARAMETERS

id required	string

REQUEST BODY SCHEMA: application/json
required

object (UpdateItemDto)

Responses

— 200

PATCH /items/{id}

Request samples

Payload

Content type
application/json

Copy

```
{ }
